Lead Upwork Researcher

Киев, Киев, Украина

Опыт работы

GroupBWT

Lead Upwork Researcher

мая 2025 - Present (1 год 2 месяца)

Kyiv, Kyiv City, Ukraine

Responsible for driving client acquisition and growth on Upwork through a combination of strategic bidding and personalized outreach. Key responsibilities include:

- Crafting custom, highly personalized bids tailored to potential clients.
- Initiating first contact with leads and nurturing them to schedule calls.
- Setting up and optimizing Upwork profiles for maximum visibility and credibility.
- Monitoring performance metrics, tracking statistics, and analyzing results.
- Developing and implementing strategies to improve engagement and win rates.
- Maintaining accurate reporting on lead activity and project outcomes.
- Developing automations and tools, using Claude Code (vibe coding).
- Conducting continuous research, adapting, and refining strategies to improve Upwork processes.
- Actively participating in the company's outreach strategy and initiatives.

Skilled in combining analytical insights with proactive communication to consistently generate high-quality leads and drive client engagement.
